

Washington County Public Schools

2006-2007

GOALS

-  Schools will be fully accredited and will make adequate yearly progress.
-  Schools will raise selected SOLs to the 95th percentile and beyond.
-  Career & Technical Education will achieve an industry certification pass rate of at least 70%.
-  Language opportunities will be extended into the elementary schools.
-  The school division will host a regional accrediting team and implement recommendations.
-  Remedial educational funds will be allocated to meet the program designed by each schools improvement team.
-  Mathematics will be a point of emphasis within the curriculum.
-  Flexible high school physical education schedule will be implemented.
-  Teacher licensure renewals will be accomplished by taking classes in their teaching area.
-  Progress will be made in the implementation of the school division facility plan.
-  Healthy life styles of all students and employees will be a point of emphasis and improvement.
-  Individual educational programs for our most challenged and gifted students will be evaluated.

Working to Provide Virginia's Best Education
