

## Washington County Schools Registration and Policy Information

School Board policy prohibits elementary and middle school students from participating in door-to-door **fundraising** activities. However, the policy does allow students to carry catalogs and products home when parents are involved in a fundraising activity. Please check the appropriate statement relative to student fundraising:

- I would like to participate in fundraising activities and give permission for my child to carry catalogs and products home from school
- I do not want to participate in any fundraising activities and do not want my child bringing catalogs and products home from school

I understand and agree to abide by the school division's **Acceptable Computer System Use Policy and Regulation**. I understand that the school division may access and monitor my use of the computer system, including my use of the Internet, e-mail and downloaded material, without prior notice to me. I further understand that should I violate the Acceptable Use Policy or Regulation, my computer system privileges may be revoked and disciplinary action and/or legal action may be taken against me. I have read this Agreement and Policy and Regulation IBEA. I understand that access to the computer system is intended for educational purposes, and the Washington County School Division has taken precautions to eliminate inappropriate material. I have discussed the terms of this agreement, policy and regulation with my student.

- I grant permission for my student to use the computer system and for the school division to issue an account for my student.

During the school year there are occasions when students are **photographed and/or videoed**. If a news agency or outside source requests a current picture or video document, permission must be granted from the parent. For example, if the Bristol Herald Courier is preparing an article on student reading, they might send a photographer to a school for student pictures. It is not unlawful for teachers and/or other educators to take pictures/videos of students for training purposes or for use within Washington County Schools. Please check the appropriate statement relative to student photographs and videos:

- I grant permission for my child to be videoed or photographed for use outside the school division.
- I do not want any video or photograph of my child to be released outside of the school division.

Virginia law requires that, prior to admission to any public school of the Commonwealth, a school board shall require the parent, guardian, or other person having control or charge of a child of school age to provide, upon registration, a sworn statement or affirmation indicating whether the student has been **expelled from school attendance** at a private school or in a public school division of the Commonwealth or in another state for an offense in violation of school board policies relating to weapons, alcohol or drugs, or for the willful infliction of injury to another person. Any person making a false statement or affirmation shall be guilty upon conviction of a Class 3 misdemeanor. The registration document shall be maintained as part of the student's scholastic record (Code of Virginia 22.1-3.2). Please check the appropriate statement relative to prior expulsion:

- I affirm that my child has not been expelled from school attendance at a private or public school in Virginia or another state.
- I affirm that my child has been expelled from school attendance at a private or public school in Virginia or another state.
