Parental Options to Accept ESL Services

Last year you did not accept English language instruction services for your child. However, you may decide to accept services at any time as your child continues to qualify for English Language Learner (ELL) services.

Please notify the ESL instructor of your decision of whether or not to accept services as soon as possible.

You will find attached the WIDA ACCESS scores from testing that was done last Spring to determine your child’s language proficiency.

Please sign below as acknowledgement of receiving your child’s test scores. Please consider your child’s participation in the ESL program this year and mark your decision in the final box below.
